DRAW Inc makes art culture and enrichment accessible to some of the most underserved and disadvantaged in UT communities. From art therapy for individuals coping with loss, abuse or mental illness to cognitive growth and development for youth in our communities and individuals with Alzheimer's.

With your support DRAW Inc will be able to continue providing fine arts and STEAM education classes to

our diverse group of students. Your generous support may even give us the ability to impact the lives of more people by allowing for us to add additional classes to our program.
